Profile

Developer since the age of 12 years old, I progressively saw the web languages turning from simple pages, passing by the web 2.0 wave, to the cross-platform environment by excellence.

I'm always up-to-date about the technologies I used by following the IT news and attending developer meetups.

Technical

HTML 5	Linux	PHP
CSS 3	NodeJS	MySQL
JavaScript	MongoDB	CodeIgniter
Chrome Apps	PhoneGap	Symfony

Experience

Tequila Rapido
